Summary

A knack for problem-solving and a positive, creative mindset. I gain immense satisfaction from crafting solutions and seeing tangible impacts for people. Committed to producing high-quality work that makes a difference.

Currently an assistant trainer at Mission Ready, where I support aspiring developers to grow their skills.

Prior, 3 years as a professional chef before retraining into tech.

Work Experience

Auckland Council - The Southern Initiative | Feb 2023 - Apr 2023
Software Developer Intern

Collaborated with two other interns, a developer and a UX designer, to develop a cross-platform mobile app aimed at closing the employment gap for Māori and Pacifica students in Auckland.

Achievement:

- Successfully executed the development of new features for the student dashboard within a stringent 10 week time frame.
- Improved the quality of the JavaScript codebase (Typescript)
- Close collaborated with the team (Agile) to create an great user experience

Technologies & Tools used:

- React, Ionic Framework, TypeScript, CSS, GitHub

Mission Ready HQ

| Jan 2023 - Current

Full Stack Development Assistant Trainer

Before I finished my level 5 study, I was hand-picked to take an assistant trainer role, guiding Level 4 student using my knowledge and previous experiences

The trainer presents the content then I an one other Assistant Trainer provide all other support, mentoring and extra sessions for 25 students.

- Prepare contents and exercises as needed
- Hold study groups and afternoon sessions to answer questions.
- Document and identify risk students and reporting to retention team
- Represented Mission Ready at Sisters In Tech Expo 2023 and STEM Expo talking with school/Uni students about our courses

Achievement:

- Received positive feedback from students and trainers, and asked to renew the contract for this role.

Technologies & Tools used:

- React, JavaScript, CSS, GitHub, Node.js, MySQL, Material UI

Other Experience | Jul 2019 - Aug 2022

Professional chef

Throughout my career, I have consistently demonstrated the ability to learn quickly and work in a reliable and organized manner. As a result, I have been able to achieve rapid promotion within my previous roles.

Achievement:

- Offered a part-time then full-time role as a chef at QT Hotel, an hotel chain that was hard to get into as a junior chef in the hotel opening team.

Transferable Skills to Tech:

- High level of discipline and attention to detail, strong need for team work, ability to think creatively and deliver under pressure.

Pavilion Cafe, Auckland	Jun 2021 - Aug 2022
Chef de Partie / Senior Chef (Full-time)	
QT Hotel, Auckland	Oct 2020 - Jun 2021
Commis Chef/ Larder Chef (Full-time)	
QT Hotel, Wellington	Jul 2019 - Dec 2019
Commis Chef (Part-time)	

Education

Mission Ready HQ | Aug 2022 - Apr 2023

NZQA Level 6 Applied Technology Product Solutions (Software)

- A practical, mentored, real-world work experience.
- Interned with Auckland Council - see above for details.

NZQA Level 5 Cloud and DevOps Developer Accelerator

- Intensive course in solving complex enterprise-level problems using Cloud, Artificial Intelligence, and DevOps practices.
- Cloud service (Azure, Bing Search, azure deploy), AI (Chat-bot with google dialog flow), DevOps and automated deployment (CI/CD), No-SQL database (MongoDB), Restful API, Unit testing.

NZQA Level 4 Full Stack Developer Accelerator

- Developed foundational skills in coding, including building responsive full stack web apps, using HTML, CSS, JavaScript, React.js, Node.js, and MySQL.

Le Cordon Bleu New Zealand | Feb 2017 - Dec 2019

Bachelor of Culinary Arts and Business

- Completed a conjoint degree in business and culinary arts.
- Chosen as one of the two students who would represent Le Cordon Bleu in the Wellington City Council international student welcome 2019. Spoke with future students about our courses and experiences.
